

Name: Student Sample Date: _____ Period: _____

Big6™ DAILY REFLECTION

Please respond to each question or statement using complete, descriptive and detailed sentences. We want to understand exactly what you're doing, why you're doing it, how you're doing it, and how you feel about it. Be honest and be sure to relate it to what you did today for your research.

What did I do today?

Learned about our research project and activities.

What question was I trying to answer about my research?

What do we have to do?

What problem, if any, did I have today?

I don't know what we have to do.

Explain something new I learned (for example: a research skill, how to use a specific resource, a new resource never used before, something I didn't know about my topic):

I hadn't thought about chores as exercise.

New questions that I now have about my topic, project, or research skills:

What will we have to do? What product will I come up with? Do we really get to have a fun day with the kids? Will it help them?

People that helped me today and how (teacher, student, media specialist, parent, sibling, etc.):

Teacher

Explained how this project is about what I want to learn about.

Today I feel nervous because... I'm not sure I

can do this good enough.

What I need to do next (be specific):

Learn more about the Big 6 and research.
